

<i>HEALTH AND SAFETY MANUAL</i>	
Title: Cadmium Exposure Control Program	
Approved by: Greg Savoy	

Statement of Non-Exposure:

An assessment of Cadmium exposure within Point Eight Power, Inc. revealed that no welding or painting with cadmium containing materials is performed. With no material potentially causing cadmium exposure to employees, compliance with the Cadmium Health and Safety Standards of 29 CFR 1929.1127 and 29 CFR 1910.1027 are not required. If future activities or materials cause a potential exposure to employees, the exposure and the Cadmium Standard shall be re-evaluated.
