

<i>HEALTH AND SAFETY MANUAL</i>		
Title: Rollover Protection		
Approved by: Greg Savoy		Rev. 1/1/08

1 Purpose/Scope:

The purpose of this program is to set forth requirements for rollover protection to ensure the protection of operators of wheel type agricultural and industrial tractors to minimize the possibility of operator injury resulting from accidental upsets during normal operation.

This program applies to all Company equipment, weather it is owned by Reagan Power & Compression, rented or leased. When work is performed on a non-owned or operated site, the operator's program shall take precedence, however, this document covers Company employees and contractors and shall be used on owned premises, or when an operator's program doesn't exist or is less stringent.

2 Responsibilities:

2.1 Managers/Supervisors:

2.1.1 Shall ensure that all forklifts, tractors, pickers etc. have rollover protection (cage).

2.1.2 Shall ensure that all rollover protection cages comply with all government and manufactures standards.

2.2 Employees:

2.2.1 Shall inspect all rollover cages as part of the daily inspections of forklifts, tractors, pickers, etc.

2.2.2 Shall ensure that Rollover Protection is provided on all equipment that is being operated.

3 Requirements:

3.1 All forklifts, tractors, pickers, etc. shall have a rollover protection cage.

3.2 Rollover protection cages shall be designed in accordance with all government and manufacturer requirements for the brand and style of the equipment.
